

## Library Receives K-Drama DVDs

By Paul H. Mark

Local Korean soap opera fans rejoice! More than 20 of the latest K-Drama DVDs were donated to Pearl City Public Library last month in a brief ceremony.

Palama Supermarkets, through a partnership with the Korean Library Foundation, donated copies of these highly-requested K-Drama DVDs to the Library. Daniel Lim, President of Palama Supermarkets, presented the generous donation of DVDs and said, "This was an

opportunity for Palama Supermarkets to give back to the community."

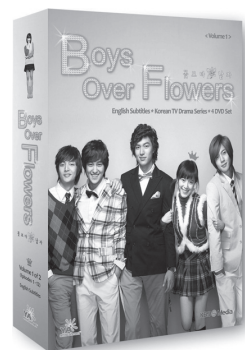

Palama Supermarkets, one of the largest Korean-owned businesses in Hawaii with three locations on Oahu, selected Pearl City Public Library to receive the DVDs because of the close proximity to its recently-opened Waimalu store.

"There is a huge demand for these K-Drama DVDs, and this donation will be heavily-used and enjoyed by not only the Pearl City Public Library patrons, but also our library patrons statewide," said Les Yanagi, Acting Branch Manager of Pearl City Public Library. "We would also like to thank Palama Supermarkets for their ongoing

partnership with the Korean Library Foundation in bringing Korean language materials to Hawaii for our library system, and in particular to the McCully-Moilili and Salt Lake-Moanalua Libraries."

DVDs may be borrowed with a valid library card; it's only a dollar for seven days. Holds may be placed either at the Library or via our website, [www.librarieshawaii.org](http://www.librarieshawaii.org).

Pearl City Public Library is located at 1138 Waimano Home Road, next to the Pearl City Police Station. For more information, please call the Library at 453-6566.

## Libraries Need Special Funds to Thrive

The Hawaii State Public Library System's (HSPLS) special fund is among many programs being scrutinized by this year's Legislature as a way to help balance the state budget.

HSPLS officials testified last month before the House Finance Committee in opposition to HB79 which would repeal almost all special and revolving funds, including the Libraries Special Fund (Section 312-3.6 HRS) and the Library Enhanced Services program (Section 312-21 & 22). The Libraries Special Fund is comprised primarily of fines, other library charges and fees, and privately donated monies, and was established to support HSPLS, by supplementing the book and materials budget.

"We have grown to rely mostly on our special fund collections because our general funds have continued to decrease," said Keith Fujio, HSPLS Administrative Services Officer. "In fact, all general funds expended during the past three fiscal years for books and other library materials have come from vacancy savings and staff turnover savings. There were no general funds budgeted for Library books and materials during these past fiscal years."

For the past six years, thousands of Hawaii taxpayers have voluntarily donated a portion of their tax refunds to the "Hawaii Public Libraries Fund" to benefit our communities statewide through the purchase of library materials for all ages. Taxpayers have contributed \$2 for an individual or \$4 for a joint return to the Fund when filing their State income tax returns.

The Legislative Auditor has reviewed both the Libraries Special Fund and the Library Enhanced Services program fund and found that the Library System's Special Funds' existence was justified and recommended that they be continued. According to the Auditor, a clear linkage exists between the benefits sought from this fund and the fees charged to the users. In other words, this is a fair and equitable system under which only the public utilizing these HSPLS library services is assessed the associated fines, fees and charges.

The Library Enhanced Services program was permanently established in Act 327, and amended in Act 029, SLH 1999. It was initially conceived to provide HSPLS with an alternative and additional revenue stream to fund these enhanced services, but now like the Libraries Special Fund it is depended upon to purchase our books and other

library materials which constitute the primary HSPLS core service. The Enhanced Services program has proven to be a viable, user-supported service that is an essential asset for the Library System.

“Without these two special funds, HSPLS would be unable to develop even a basic set of collections such as reference materials; children's and young adult collections; online and print subscriptions; and new formats such as e-books and audiobooks, for our patrons and the public,” said State Librarian Richard Burns. “Because of rising overall costs, expensive new editions and updates, an ever-

increasing variety of format options, and inflationary factors limiting our purchasing power, we have been forced to become even more selective and efficient in our materials acquisitions and collection development decisions. Eliminating these funds, even temporarily, would damage our library system to the point where it would take years to recover.”

## Friends Honor Public Librarian of Year and Top Staff Members

The Friends of the Library of Hawaii (FLH) honored Frances “Fran” Corcoran, Branch Manager of Kahuku Public & School Library, as the 2010 Public Librarian of the Year in a public reception and awards ceremony on February 24 at Hawaii State Library. The reception and ceremony were conducted during the Friends' annual meeting.

The Friends also honored Jean Ann Flaherty, Library Technician at Princeville Public Library and Irmagard Pickard, Library Technician at Pearl City Public Library, with the 2010 Excellence in Service Awards.

Corcoran has worked tirelessly to make the Library a vital part of the North Shore community. She spearheaded the combined efforts of community organizations and Hawaii State Public Library System support staff to make the Kahuku Bookmobile a reality. The bookmobile has become an integral part of the Library's outreach service to this rural community.

Corcoran has also done a tremendous job of bringing the community into the library by conducting programs that showcase the talents and skills of Kahuku residents. Her leadership has resulted in corporate donations and a strong base of support that have become essential in these challenging economic times.

FLH engraved Corcoran's name on the perpetual Public Librarian of the Year Award plaque, and presented her a Makana Akamai certificate for her library branch, a personal cash award from FLH, a \$500 gift certificate for her library branch from co-sponsor Native Books Na Mea Hawaii, and also presented her with a Wedgeford crystal vase with base.

The Friends also engraved Flaherty's and Pickard's names on the Excellence in Service Award plaque, and presented each of them with a Makana Akamai certificate for their library branches, a personal cash award from FLH, a \$500 gift certificate for their library branches from co-sponsor Native Books Na Mea Hawaii, and also presented each of them a rosewood clock with picture frame.

Library patrons and staff nominate the recipients and the awardees are selected by an FLH committee.
