GROWING MY GARDEN: KEIKI SELF-CARE TOOLKIT

The goal of Keiki Self-Care Toolkits is to support parents and caregivers in cultivating mental and emotional well-being in their children, their families, and themselves.

To cultivate “seeds” of well-being, each kit contains books, an activity guide and activities to support a healthy garden of the mind.

WATCH FOR THESE KITS:

💰 Soil - Ground yourself and recognize emotions through mindfulness.
💧 Water - Practice activities that nourish a healthy mind.
☀ Sunshine - Spread kindness through gratitude, affirmations and self-love.
**Activity Guide**

**Before and while reading, keep in mind:**
Air provides clean, clear space for seeds to grow.

Sometimes we may be overwhelmed with too many thoughts and feelings. Breathing techniques can help us calm and focus our minds, creating space for healthier thoughts and feelings to thrive.

**After reading, find the cards in your Take Home Packet:**
- Keep track of breathing exercises you learn and practice on Card #1.

Breathing Exercises:
- Practice deep breathing exercises, tracing the shapes on Cards #2 (Triangle), #3 (Square), and #4 (Star), as you inhale and exhale.
- What was your favorite breathing exercise from the books you read? When would be a good time to practice that breathing exercise?
