

HAWAI'I STATEWIDE AI SAFETY SYMPOSIUM

O'AHU | FRIDAY, MAY 1

Join us for a one-day symposium exploring the future of artificial intelligence and its impact on our communities. Symposium Topics Include:

- Superintelligent AI and the future of advanced AI systems
- The role of AI in healthcare and emerging innovations
- An overview of the current AI policy landscape
- Hands-on workshops exploring Large Language Model (LLM) evaluations for both technical and non-technical audiences
- A panel discussion on the Hawai'i's future of AI and AI safety
- Opportunities to connect with peers during post-event networking

Come learn, engage, and be part of the conversation shaping the future of AI.
